Our flexible lesson planning allows for families to prioritize their individual health and fellow parishioners and classmates. Any class will also have available video recordings for the student/family to experience at home if health or possible virus exposure requires a family member to stay at home.

This flexibility also prepares us for the possibility of needing to go only virtual if needed. Like all institutions, we have no way of predicting how the virus will impact our program as move through the year. If it is recommended that we alter our programming, we are prepared to do so.

The wearing of masks will be required of students attending classes On-Site. On-Site AM Classes are scheduled on Sunday mornings from 10:30-11:15 am. While On-Site PM Classes are scheduled on Sunday evenings from 6:30-7:30 pm.

*A confirmation retreat is scheduled but will be dependent on Covid conditions and is subject to change.
