Thank you for your interest about our Parish. Please complete the Registration Form and return to the parish office.

Once you are registered, offering envelopes will be mailed to your home which may take 6-8 weeks for our mailing service to provide them. In the meantime, simply place your offering in an envelope and write your name on the outside so that we may credit your family. You may also choose to have your stewardship offering deducted automatically from your bank account. For information regarding this, please contact the parish secretary.
